On behalf of the ESF, I would like to welcome you all to Vienna for the 2019 European Masters Individual Championships (EMIC). Players from over 25 nations will be represented at this biennial event.

For many competitors, it will provide an opportunity to renew on court rivalries and to strengthen off court friendships. Equally, it is also an opportunity to make new acquaintances with newcomers to the competition.

I hope that all players will have an enjoyable and injury free tournament.

Many thanks to Austrian Squash for hosting EMIC 2019 and to Michael Khan for his work in leading the team as Championships Director.

Rosie Barry
ESF Vice-President
